

Design Mario Ferrarini

Hiru, 947
sedia dining \ dining chair

La famiglia di Hiru disegnata da Mario Ferrarini è composta da sedia e poltroncina, caratterizzate da gambe elicoidali e superfici non planari, alle quali si aggiunge lo sgabello in due altezze. Un rapporto vicendevole dove il legno diventa la struttura su cui si sviluppa il rivestimento, visibile da ogni angolazione della seduta, mostrando così la sapiente capacità dell'azienda nel lavorare il legno come materia viva.

Hiru family was designed by Mario Ferrarini and is composed by chair and armchair, characterized by helicoidal legs and planar surfaces, to which the stool, available in two heights, is added. A reciprocal relationship where the wood becomes the structure on which the upholstery is developed, visible from every angle of the seat, thus demonstrating the company's skillful ability to work wood as a living material.

Informazioni tecniche \ Technical information

Descrizione tecnica \ Technical description

Sedia dining con gambe elicoidali e superfici non planari. Struttura in legno massello di frassino con seduta e schienale imbottiti in poliuretano espanso ignifugo. Finiture e rivestimenti di collezione.

Dining chair with helical legs and non-planar surfaces. Structure in solid ash wood with seat and backrest padded in fire-retardant polyurethane foam. Finishes and coverings as per collection.
