Cross

Design by Gianluigi Landoni

Due elementi di ispirazione industriale che si compenetrano in una composizione che ricorda un incrocio ferroviario. Questa è la base progettuale di Cross, un tavolo che rappresenta un punto d'incontro fra i concetti di stabilità e dinamismo, forza e armonia, pensiero e materia.

Two industrial-inspired elements that merge in a composition that reminds a railway crossing. This is the basic design idea of Cross, a table that represents a meeting point between the concepts of stability and dynamism, strength and harmony, thought and material.

Gallery

Tavolo con struttura in metallo verniciato disponibile in varie finiture. Top temperato o stratificato in varie misure, materiali e finiture.

Dining table with lacquered metal structure, various finishes. Tempered or laminated top in different measures, materials and finishes.
