

# CLOTH

design Romani Saccani Architetti 2009

La complessa soffiatura di Cloth trasforma il vetro in un tessuto increspato, di grande effetto. Nella versione cromata, grazie ad un'esclusiva finitura esterna, Cloth è metallizzata quando è spenta, e assume un tono caldo beige scuro quando viene accesa.

*Unique blown glass that seems to turn into pleated fabric, making this collection a real eye catcher. The chrome version has an exclusive outer chrome coating that looks metallic when the lamp is off, but turns to dark beige when the lamp is on.*
