

NASTRO Characteristics and finishes

Modules

- modules with D 59 structure
- modules with D 42.3 structure

hinged door H 238.5 - 257.7 - 289.7 (H 289.7 not available on glass door)

sliding doors H 238.5 - 257.7 - 289.7 (H 289.7 not available on glass door)

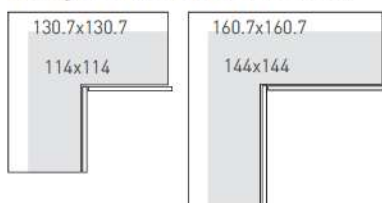

sliding doors H 238.5 - 257.7

(doors divided in two parts that can be disassembled)

sliding door corners H 238.5 - 257.7

flush sliding door H 238.5 - 257.7

(doors divided in two parts that can be disassembled)

Doors

Hinged doors

Made of 2.5 cm Th engineered wood panels or 1.9 cm Th LIGHT engineered wood panels covered with a 0.4 cm Th tempered glass or mirror panel. The interior of the wooden door has the same finish as the outside while, unless otherwise specified when placing the order, the interior of the wooden door has the same finish as the outside, whereas that of the glass or mirror is matt lacquered in the same colour.

Handles: vertical recessed in the door, Matt Lacquered aluminium in the same or different colour as the door and in the metal matt or glossy finishes (Bronzo, Champagne, Cromo e Titanio);

Additional key (mechanical lock) used with the standard handle;

Electronic locking device used with standard handle (not available on corner and terminal modules).

Sliding and flush-sliding

Wooden doors: made of 2.5 cm Th engineered wood panels. The interior is in synthetic veneer.

Glass doors: made of a lacquered aluminium frame with glued 0.4 cm Th tempered glass or mirror. These have door adjustment devices. The interior of the door has a visible frame, lacquered in the same colour as the glass or with safety film if with mirror.

Handles: grip recessed in the vertical profile of the frame of the door in Matt Lacquered aluminium in the same or different colour as the door and in the metal matt or glossy finishes (Bronzo, Champagne, Cromo e Titanio).

Door finishes

Materico (Bianco, Cenere, Seta; Alaska and Corsica with vertical grain)

Matt Lacquered, High Gloss Lacquered

Wooden (Borgogna, Canaletto, Rovere Fumo, Rovere Grigio, Rovere Laguna, Rovere Naturale and Rovere Tabacco) with wood veneer with vertical grain

Matt and Glossy Glass (as standard Bianco, Piombo, Roccia e Seta)

Metallizzato Glass (Argento, Bronzo and Piombo)

Mirror (Argento, Bronzo and Piombo)

Manufacture processes available

Height reduction

Width reduction (except terminal hinged door module, corner sliding/flush sliding door module and Nastro sliding glass door)

Depth reduction (except sliding/flush-sliding door corner module)

Upper filler with hinged door (except Nastro glass door)

Lateral filler with hinged door

Linear lateral filler with sliding door (except Nastro glass door)
